EXPERIENCE

Distributed Solutions, Inc. 07.2011 – Present

Manage my own timelines of projects for an acquisition systems software solutions company. Work ranges from creating new identities through motion graphics to promotional collateral for the office, trade shows and training seminars.

Blank, Inc. 01.2011 – 06.2011

As a multidisciplinary design intern, I collaborated with the owner on layout, design, and production of publications, and logos. When updating websites, I took direction into terms of html and css, while introducing myself to javascript.

News Pro Net 06.2010 – 01.2011

Assistant Editor for news organization in Miami. Duties include digitizing video library of Analog and DV, tagging log notes and applying timecodes to tapes for producers. Working directly with the Senior Editor, we turned around eight stories a month.

METRO Signs, Inc. 08.2009 – 04.2010

As a graphic designer, I worked closely with clients, to create event signage and promotional work for local organizations and businesses. In the sign industry, tight deadlines are seen on a daily basis, so working fast is key.

National Public Radio 10.2008 – 01.2009

Assisted with various concepts and designs of web page layouts and blog headers for npr.org. This contract was during the race for the 2008 Presidential Election, and was exciting to help with information graphics to inform viewers of the progress.

BIO-RAD Laboratories 09.2008 – 10.2008

Freelance video editor responsible for creating graphics and editing instructional footage for their biopharmaceutical applications.

EDUCATION

Ringling School of Art + Design 08.2004 – 05.2008

BFA Graphic and Interactive Communications
